

REMARKS

Claims 12, 14, 16, 19, 20, 21, 26, 27, 44, 46, 51, 53, 55, 57, 58, 60, 62, and 63 have been cancelled without prejudice to re-introducing those claims once the inventor has returned from the northeastern provinces of China, where he is engaged in research directed towards further expanding and enlarging on the inventive, non-obvious subject matter of the instant application.

Communication with the inventor at the inventor's present location is always extremely and at most times impossible. (Telephone service is very, very poor, surface mail is very slow and Internet service is slow and intermittent at best.)

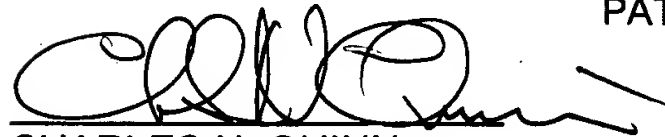

Once the inventor has returned to this country, which is expected soon, undersigned counsel for the applicant will have the opportunity to communicate with the inventor respecting the deposit requirement and complying with or refuting the same.

In light of the foregoing, applicant submits that all objections and rejections outstanding in the application have been addressed to put the application in form for allowance. Notification of the same is respectfully solicited.

To the extent there is any fee required in connection with the receipt, acceptance and/or consideration of this paper and/or any accompanying papers submitted herewith, please charge all such fees to deposit account 50-1943.

Respectfully submitted,

Date: 24 NOVEMBER 2004
